AFTER SCHOOL CLUBS 15:40 - 16:40

INTRODUCTION

At Phoenix House, learning extends far beyond the classroom. Our co-curricular programme plays an important role in school life, giving pupils the chance to discover new interests, develop practical skills, and build lasting friendships. With a wide variety of clubs on offer, there is something to inspire every child, whether they are exploring a new hobby, refining an existing talent, or taking on a fresh challenge.

Every club is designed to encourage creativity, resilience, collaboration, and confidence in a fun and supportive environment. Led by our passionate Phoenix House staff and external specialist club-leaders, these experiences help pupils broaden their horizons, embrace new challenges and develop skills that complement their learning in the classroom. We hope every child will make the most of these opportunities and enjoy discovering something new.

The Autumn Term club schedule will begin on Monday 14th September. If your child is joining an extracurricular club, please remember to send them with an extra snack for the day. At the end of each after school club, pupils can be picked up, walk home on their own, or take the school bus, which will leave at 4:55 pm. Families can register for the clubs through our online booking platform, SOCS during the advertised sign-up window.

THROUGH CLUB INVOLVEMENT, WE AIM FOR PHOENIX HOUSE PUPILS TO:

- Broaden current interests and passions
- Learn new skills
- Develop leadership and interpersonal skills
- Build confidence
- Improve teamwork skills
- Work with children from different year groups
- Consistently demonstrate the Phoenix House values

This clubs brochure is designed to give you an overview of the clubs Phoenix House will have on offer in the Autumn Term.

A young boy with dark hair, wearing a brown school jacket over a white shirt and a dark tie, is seated at a piano. He is looking down at the keys, focused on playing. His hands are visible on the white and black keys of the piano. The background is slightly blurred, showing what appears to be a window with a grid pattern.

EXTRA CURRICULAR CLUBS

MONDAY

Classical Ballet (1-6)

Discover the joy of ballet through a fun and inspiring programme for children aged 5–11. Following an internationally recognised curriculum, children build strong foundations in classical ballet while developing coordination, musicality, confidence, and creativity. Taught with authentic techniques by experienced instructors, each class combines structured learning with engaging activities that nurture a lifelong love of dance.

Please note: this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Brain Games (1-3)

Put your thinking skills to the test! Through puzzles, games, riddles and fun challenges, children will develop their problem-solving, logic and teamwork skills while giving their brains a brilliant workout!

Little Poets (1-3)

Poetry club is a fun and creative space where pupils can discover the world of poetry. Each week we will listen to, recite and explore poems by different poets, discovering poems that make us laugh, think, imagine and see the world through different perspectives. We will learn different poetry techniques and have lots of opportunities to create and recite our very own poems!

Beginners French (1-3)

Children across all abilities are welcome to work with their peers and teachers to develop French communication skills and cultural knowledge. The emphasis will be on speaking and listening, and sparking an interest in the language and culture.

Lego Club (1-3)

Foster your inner engineer through Lego Club! Each week children will be encouraged to design and build a variety of Lego structures from their dream house to futuristic vehicles. Children will work in pairs to develop their teamwork skills some weeks but will mostly be designing and building on their own. Combining what their imagination can conceive and how they can construct it in real life will develop your child in many exciting and challenging ways.

Open Library (1-6)

Step into the cosy world of our Open Library!

After school, families are invited to spend time together in our welcoming school library, sharing stories, discovering new favourites and enjoying the wonderful range of books on offer. Children must be collected by an adult at the end of the school day; you can then return to school together, sign in at the office and stay for as long as you wish until 4:40 pm. Children will then leave with their adult at the end of their visit. Stay for the full hour or simply pop in for a short while – whatever works for your family. Browse, read together in a comfy corner, and borrow books to enjoy at home. You do not need to sign up for this club on SOCS. There's no need to attend every week – just sign in when you arrive and enjoy a relaxed, book-filled afternoon together.

Collage Club (2-4)

Collage club is an opportunity to immerse yourself in a state of flow while learning new crafting techniques. We will produce a variety of different collage pieces, which will allow you to be creative in a calm, relaxing space.

Stop Motion (2-4)

Let your creativity be explored through stop motion! We will be learning how to use a stop motion app on the iPads to create an animation. This club will explore various means to create the animations. This club will be focusing on intricacy and have an emphasis on being mindful of detail.

Orchestra (2-6)

Orchestra is a large music ensemble consisting of Violin, Viola, Cello, Flute, Clarinet, Oboe, Trumpet, Trombone, Tuba and Percussion. Our school orchestra gives children the chance to play orchestral classics from Tchaikovsky to Pirates of the Caribbean, whilst simultaneously developing their ensemble performance skills. The school orchestra has regular performance opportunities so pupils must be able to commit to weekly rehearsals for the year. Please note: this club is only for pupils who have 1:1 lessons on any of the instruments listed above. Please ensure that your child is able to read music and play their instrument independently before joining Orchestra.

Athletic Skills (4-6)

Get active and build your athletic skills! In this club, pupils will develop their strength, coordination, agility and endurance through fun circuits, challenges and a range of sporting activities. A great way to stay active, build confidence and discover what you can achieve!

Screen Golf (4-6)

Screen Golf is a club that welcomes golfers of all abilities to improve their skill set as well as develop their knowledge and understanding of the sport. Pupils will be coached by qualified instructors and supported by a member of staff from Phoenix House school. Golf is an excellent sport to engage in as it develops discipline, challenges you mentally and is a popular sport used for networking.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Artists In Residence (4-6)

Become part of a special team of young artists who help shape the creative life of the school. Artists in Residence will work on unique projects, play, experiment with advanced techniques and collaborate on artwork that leaves a lasting impact around Phoenix House.

Speech and Debate (4-6)

Phoenix House Speech & Debate Club will be a space where children with big ideas can share their opinions, whilst opening themselves up to alternative views and ways of thinking. Members will be able to put their knowledge of subjects they are passionate about into action, then demonstrate their understanding and engage constructively with other club members holding opposing beliefs. In Speech & Debate Club, everyone has a voice.

Cross stitch (5-6)

In this club we will be learning basic cross-stitch techniques to work on our own projects that the children will bring home at the end of the term. This club will combine problem-solving with creative and practical learning and allow children to explore stitch patterns and colour use.

TUESDAY

Digital Art (1-2)

Discover a whole new way to create art! In Digital Art Club, pupils will use digital tools to experiment with drawing, colour, patterns and design. Create exciting digital artwork, try new techniques and see what you can make with technology!

Multi Sport Skills (1-3)

Get moving and have fun while developing your sporting skills! Pupils will practise throwing, catching, kicking, balancing and coordination through fun games, challenges and activities. A great way to build confidence and discover new skills across a range of sports!

Painting Club (1-3)

Love Painting? In this club you'll experiment with colour mixing, different brushes, patterns and textures while creating your own colourful artwork. Take inspiration from amazing artists, try new techniques and have lots of fun developing your painting skills.

Hip Hop Dance Club (1-3)

In this club children are given the foundations to be able to emulate the steps they see in their favourite pop, k-pop and j-pop music videos. Most of all commercial dance is derived from Hip Hop Dance. Pupils are taught how to follow rhythm, enhance flexibility and develop overall coordination not to mention confidence. We work towards at least one performance a year, and parents are sent weekly videos of the children's progress.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Little Voices (1-3)

This is a vocal ensemble where pupils can develop their singing skills and confidence in performing whilst learning pop, Disney and musical theatre classics! Alongside developing their singing skills, pupils will also learn basic dance and movement skills to bring their performance to life.

Mini yoga (1-3)

Yoga club is a calm and relaxing space where pupils have the chance to slow down, stretch, move and have fun. Each week we will learn different yoga poses and sequences designed to help pupils feel calm, focused and confident. Through yoga, pupils will further develop physical skills such as balance, coordination, flexibility and body awareness. We will also practise child-friendly breathing and mindfulness exercises, designed to help children learn how to regulate their own bodies and minds.

Hama Beads (1-6)

Join our Hama Bead Club for a world of colourful, hands-on fun! Children will design, arrange, and iron together vibrant plastic beads to create amazing 3D figures, keyrings, and pixel art. This creative club is perfect for pupils to boost their fine motor skills, practise patience, and let their imaginations run wild. Every week features exciting new templates and challenges, allowing everyone to take home their own unique, handmade masterpieces.

Screen Golf (3-4)

Screen Golf is a club that welcomes golfers of all abilities to improve their skill set as well as develop their knowledge and understanding of the sport. Pupils will be coached by qualified instructors and supported by a member of staff from Phoenix House school. Golf is an excellent sport to engage in as it develops discipline, challenges you mentally and is a popular sport used for networking.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Journalling (3-6)

Come and explore the joy of writing in our fun and creative Journalling Club! Whether you love telling stories, drawing your thoughts, or jotting down your daily adventures, this club is the perfect place to express yourself. Each week, we'll dive into exciting prompts, doodle pages, and personal reflections to help your imagination grow.

Tales from Spain and Latin America (3-6)

In this club, pupils journey through the wonderful world of stories from Spain and Latin America! Discover exciting tales, meet memorable characters, and learn simple Spanish words and phrases through fun games and creative crafts. Explore new cultures, spark your imagination, and bring each story to life through hands-on activities.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Board Games (3-6)

Board Games Club is a fun after-school activity where pupils learn strategy, build friendships, and enjoy exciting tabletop games. We are always looking for new games so feel free to let us know your favourites!

History club (3-6)

In History Club, children will explore the varied and fascinating topic of world history, delving into the stories, people, events and changes that have made the world the way it is today.

Using historical sources, multimedia and maps, pupils will engage with and discuss familiar and novel facets of history, ranging from the mighty Romans, Greeks and Egyptians of the ancient world all the way through to the space race, the history of modern Tokyo and contemporary historical events.

Geometric Art (4-6)

The ultimate crossover of mathematics and art, geometry allows us to create beautiful patterns and artworks according to mathematical principles! Geometric art offers pupils a chance to deepen their understanding of shape and space while developing their mark-making skills and ability to use mathematical instruments such as a ruler and compass.

Karate club (4-6)

Karate-do (the way of karate) is a Japanese martial art. It consists of learning punches, strikes, blocks and kicks that are practiced in the form of kihon (basics), kata (pre-arranged forms) and yakusoku kumite (pre-arranged attack and defence), and Kumite (free sparing). The Karate class will introduce the traditional karate training environment and the basic stances, techniques and sequences. Attention will be also made to teaching children proper etiquette and protocol essential to successful martial arts training.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Cross Country (4-6)

Our Cross Country Club offers pupils a fantastic opportunity to build physical fitness and have fun right in our local neighbourhood. It is an energising, highly inclusive club designed to boost cardiovascular health, confidence, and give pupils a chance to get outside safely.

Coding (5-6)

In Coding Club, pupils can bring their ideas to life by creating games, animations and stories using Scratch. They can also experiment with our robots, programming them to move, react and complete different challenges. A fun, creative way to develop coding and problem-solving skills!

Creative Cooks (5-6)

This is the perfect club for all our budding young chefs. We will be measuring ingredients, following recipes, and cooking up a storm in the kitchen. There will be a small additional charge to cover the cost of ingredients.

Please note: due to the popularity of this activity you will only be able to attend for one term per year.

WEDNESDAY

Screen Golf (1-2)

Screen Golf is a club that welcomes golfers of all abilities to improve their skill set as well as develop their knowledge and understanding of the sport. Pupils will be coached by qualified instructors and supported by a member of staff from Phoenix House school. Golf is an excellent sport to engage in as it develops discipline, challenges you mentally and is a popular sport used for networking.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Beginner Spanish Club (1-2)

In this club, pupils take their first exciting steps into the world of Spanish through fun games, songs, stories, and hands-on activities! Learn everyday words and simple phrases as you explore colours, numbers, animals and more. Join in, build your confidence, and discover just how much fun learning a new language can be!

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Chess Club (1-6)

Edo Sensei is a master chess player who has retired from competition to focus on teaching the Game of Kings. Identified as a maths and chess prodigy, he first won the Junior Chess Championship in his native Trinidad and Tobago at the age of 13, and the National Chess Championship a few years later. He represented his school and country on numerous occasions and has also competed internationally in the Caribbean, Canada, and the United States. Having developed his own curriculum, Edo Sensei incorporates a simple but powerful mathematical approach similar to that used by AI software. His method emphasizes strategy, critical thinking, concentration, patience, and resilience, while fostering self-confidence, good sportsmanship, and social skills.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Speech & Drama Club (2-4)

The Learning Circle Speech & Drama programme helps children build confidence as communicators and performers! Through fun games, storytelling, voice work, role play, and movement, children explore the core elements of speech and drama—including clear articulation, expressive speaking, active listening, and imaginative thinking. Perfect for young learners starting their journey into the world of drama and performance! Each session helps children: develop strong speaking and communication skills; express emotions and ideas through voice and body; work cooperatively through group drama activities; and grow in confidence, creativity, and self-awareness.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Green STEM Studio (3-6)

Green STEM Studio is Greentopia Japan's hands-on science and design program where children build and run real hydroponic growing systems, experiment with nutrients and plant biology, and engineer their own growing solutions. Every session is packed with testing, discovering, and doing - and yes, harvesting and tasting the delicious results.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Beginner Spanish Club (3-6)

In this club, pupils build their Spanish skills through fun games, crafts, and interactive activities! Learn simple words and useful phrases as you explore topics like yourself, school, friends, celebrations, and the changing seasons. Grow your confidence while discovering the language and cultures of Spanish-speaking countries.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Yoga (3-6)

Yoga Club is a calm and welcoming space where pupils can slow down, stretch and have fun. Through yoga poses, sequences, breathing and mindfulness activities, pupils will develop balance, flexibility, coordination and body awareness, while learning simple techniques to support calmness, focus, confidence and emotional wellbeing.

Intermediate Spanish club (Level A1.2+) (3-6)

This club is for children who already have knowledge of basic Spanish and would like to take the next steps. In this course, children will develop the foundations of Spanish through games, playful activities, songs, and crafts that foster dynamic and meaningful learning. Building on their prior knowledge, they will acquire vocabulary and basic structures to communicate in everyday situations, such as talking about themselves, their family, school, house, daily routine, body parts, and senses.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Fencing (4-6)

Discover the exciting sport of fencing! Children will develop agility, balance, coordination, focus, and confidence through fun games and beginner-friendly fencing activities. Using safe foam swords, pupils will learn basic footwork and bladework while enjoying teamwork, respect, and the excitement of this unique Olympic sport.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Badminton (4-6)

Badminton is a fun and inclusive sport that will help improve technical skills, such as motor skills and coordination. Children will develop their hand-eye coordination, balance, agility, and movement through a variety of engaging activities and games. The club will also encourage teamwork, confidence, and sportsmanship in a supportive environment. Whether pupils are new to badminton or have played before, everyone is welcome to join, learn, and have fun!

THURSDAY

Phonics Detectives (1-2)

Become a Phonics Detective! Through fun games, word hunts and exciting challenges, children will practise their sounds, blending and reading skills while solving phonics mysteries along the way.

Fencing (1-3)

Discover the exciting sport of fencing! Children will develop agility, balance, coordination, focus, and confidence through fun games and beginner-friendly fencing activities. Using safe foam swords, pupils will learn basic footwork and bladework while enjoying teamwork, respect, and the excitement of this unique Olympic sport.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Art Key Skills (1-3)

Art key skills club is a fun and creative club for Prep 1-3 children who enjoy drawing, painting and making! Pupils will develop key art skills through exciting, hands-on activities, while exploring different materials, techniques and styles.

Multi Sport Skills (1-3)

Get moving and have fun while developing your sporting skills! Pupils will practise throwing, catching, kicking, balancing and coordination through fun games, challenges and activities. A great way to build confidence and discover new skills across a range of sports!

Cross-stitch (2-4)

Cross stitch club is a fun and creative after-school activity where children learn simple sewing and cross stitching skills. The pupils will learn how to needle safely, practise basic stitches on fabric, create small designs like hearts, flowers and animals and make their own mini keepsakes to take home.

Cooking Crew (3-4)

This is the perfect club for all our budding young chefs. We will be measuring ingredients, following recipes, and cooking up a storm in the kitchen. There will be a small additional charge to cover the cost of ingredients.

Please note: due to the popularity of this activity you will only be able to attend for one term per year.

Strength and Mobility (3-6)

Strength and Mobility Club is an active club designed to improve strength and mobility through a range of exercises, games and movement activities. Pupils will develop their strength, balance, flexibility, coordination and overall mobility. It will combined a variety of exercises such as body weight holds and movement, coordination challenges and practical games. The club will focus on building confidence in movement, improving physical fitness and encouraging children to enjoy being active in a supportive and positive environment.

Hip Hop Seniors (4-6)

In this club children are given the foundations to be able to emulate the steps they see in their favourite pop, k-pop and j-pop music videos. Most of all commercial dance is derived from Hip Hop Dance. Pupils are taught how to follow rhythm, enhance flexibility and develop overall coordination not to mention confidence. We work towards at least one performance, and parents are sent weekly videos of the children's progress.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Table Tennis (4-6)

Come along to our Table Tennis Club, where everyone is welcome, whether you are picking up a bat for the first time or looking to develop your existing skills. Sessions will provide plenty of opportunities to practise and improve your technique, including serving, returning, footwork and shot selection. We will also learn the rules and scoring of the game, while developing consistency, accuracy and confidence through fun and engaging activities. There will be opportunities to play against others, put your skills into practice and enjoy some friendly competition.

Sculpture Club (4-6)

Get creative and bring your ideas to life in 3D! In Sculpture Club, pupils will experiment with different materials and techniques to create imaginative sculptures, models and artworks. A hands-on way to explore shape, texture and form while having lots of creative fun!

Screen Golf (5-6)

Screen Golf is a club that welcomes golfers of all abilities to improve their skill set as well as develop their knowledge and understanding of the sport. Pupils will be coached by qualified instructors and supported by a member of staff from Phoenix House school. Golf is an excellent sport to engage in as it develops discipline, challenges you mentally and is a popular sport used for networking.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Coding (5-6)

In Code Club, pupils can bring their ideas to life by creating games, animations and stories using Scratch. They can also experiment with our robots, programming them to move, react and complete different challenges. A fun, creative way to develop coding and problem-solving skills!

FRIDAY

Mini Yoga (1-3)

Yoga club is a calm and relaxing space where pupils have the chance to slow down, stretch, move and have fun. Each week we will learn different yoga poses and sequences designed to help pupils feel calm, focused and confident. Through yoga, pupils will further develop physical skills such as balance, coordination, flexibility and body awareness. We will also practise child-friendly breathing and mindfulness exercises, designed to help children learn how to regulate their own bodies and minds.

Screen Golf (1-3)

Screen Golf is a club that welcomes golfers of all abilities to improve their skill set as well as develop their knowledge and understanding of the sport. Pupils will be coached by qualified instructors and supported by a member of staff from Phoenix House school. Golf is an excellent sport to engage in as it develops discipline, challenges you mentally and is a popular sport used for networking.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Karate club (1-3)

Karate-do (the way of karate) is a Japanese martial art. It consists of learning punches, strikes, blocks and kicks that are practiced in the form of kihon (basics), kata (pre-arranged forms) and yakusoku kumite (pre-arranged attack and defence), and Kumite (free sparring). The Karate class will introduce the traditional karate training environment and the basic stances, techniques and sequences. Attention will be also made to teaching children proper etiquette and protocol essential to successful martial arts training.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Lego Club (1-3)

Foster your inner engineer through Lego Club! Each week children will be encouraged to design and build a variety of Lego structures from their dream house to futuristic vehicles. Children will work in pairs to develop their teamwork skills some weeks but will mostly be designing and building on their own. Combining what their imagination can conceive and how they can construct it in real life will develop your child in many exciting and challenging ways.

Little Builders (1-3)

Ready to design, build and create? In Little Builders, pupils will use a range of materials to make their own exciting projects. From planning and constructing to testing and improving, children will develop practical skills, problem-solving and creativity while having fun!

Musical Theatre (1-6)

Step into the exciting world of Musical Theatre! Designed for children aged 5-11, this fun-filled club introduces acting, singing, dancing, stage movement, props, and costumes through favourite Disney songs and musicals. Led by friendly, experienced teachers, pupils build confidence, creativity, teamwork, and performance skills while having fun on stage.

Please note- this club is run by an external specialist teacher and has an additional charge. This will be invoiced at the end of each term by Phoenix House.

Creative writing (3-6)

Do you like story-telling, creating magical worlds and inventing mysterious characters? Creative writing club will give you the chance to show off your imagination as we dive into different settings and let your creativity run wild.

Beginner's Chess (3-6)

Chess - the 'Game of Kings' - has been played across the world for over 1,000 years. A fascinating game of strategy, counters and concentration, Chess has entranced many of the greatest minds with its complexity and depth.

Beginner's Chess aims to inspire a brand new generation of future Grand Masters, starting with the very basics and building up to some simple strategies to give players an advantage in the game. Children do not have to have any prior experience of the game, only the interest to learn! Absolute novices and those who want a reminder of the rules are very welcome.

Please note: Beginner's Chess will not be suitable for more confident players.

Senior Choir (4-6)

This vocal ensemble supports pupils in developing good singing technique, pitch accuracy and harmony skills through singing more challenging songs in 2-4 part harmony. Pupils will experience a range of music from Classical to Contemporary and Musical Theatre, and will get the opportunity to perform at a number of events throughout the year.

Badminton (4-6)

Badminton is a fun and inclusive sport that will help improve technical skills, such as motor skills and coordination. Children will develop their hand-eye coordination, balance, agility, and movement through a variety of engaging activities and games. The club will also encourage teamwork, confidence, and sportsmanship in a supportive environment. Whether pupils are new to badminton or have played before, everyone is welcome to join, learn, and have fun!

Perspective Art Club (4-6)

Do you want to make your drawings look more realistic? Learn how artists create the illusion of depth, space and distance. You'll explore one-point and two-point perspective, buildings, landscapes and imaginative spaces. Develop your drawing skills, experiment with exciting ideas and create artwork that looks like it could come to life.

Stop motion (5-6)

Let your creativity be explored through stop motion! We will be learning how to use a stop motion app on the iPads to create an animation. This club will explore various means to create the animations. This club will be focusing on intricacy and have an emphasis on being mindful of detail.
